

Shipping Policy

Last updated: January 2025

Overview

We are committed to delivering your orders quickly and safely. This policy covers everything you need to know about how we ship, the carriers we use, estimated delivery windows, how to track your order, and what to do if something goes wrong.

1. Order Processing Times

1.1 Standard Processing

All orders placed before 2:00 PM local warehouse time on a business day are processed the same day. Orders placed after 2:00 PM or on weekends and public holidays are processed on the next business day. Processing time refers to the time it takes us to pick, pack, and hand off your order to a carrier — it does not include transit time.

1.2 Extended Processing Windows

Certain items require additional processing time:

- Custom or personalized products: 3 to 5 business days
- Pre-order items: shipped on or after the stated release date
- Items marked "Ships in 5-7 business days": fulfilled from a secondary warehouse
- Large or heavy items requiring freight handling: up to 7 business days

During peak seasons (major sales events, holidays from late November through December), processing times may extend by 1 to 3 business days. We will display an estimated processing time on the product page and at checkout.

1.3 Order Confirmation

You will receive an order confirmation email immediately after purchase. Once your order is handed to a carrier, you will receive a separate shipping confirmation email with a tracking number and a link to track your package.

2. Domestic Shipping Options

3. International Shipping

3.1 Countries We Ship To

We ship to over 80 countries worldwide. The full list is available at checkout when you enter your delivery address. If your country is not listed, we currently do not offer shipping there.

3.2 International Delivery Windows

- Canada and Mexico: 7 to 14 business days
- Europe (EU and UK): 10 to 18 business days
- Asia-Pacific: 14 to 21 business days

- Latin America: 14 to 25 business days
- Rest of World: 18 to 30 business days

These are estimates. Actual delivery times depend on customs clearance, local postal infrastructure, and carrier capacity.

3.3 International Shipping Fees

Fees are calculated at checkout based on destination, package weight, and declared value. A shipping quote is displayed before you confirm payment. Fees are non-refundable once the shipment is dispatched.

3.4 Customs, Duties, and Import Taxes

Import duties, taxes, and brokerage fees charged by the destination country are the sole responsibility of the recipient. We are not able to predict or control these charges. We recommend checking with your country's customs authority before ordering. We declare the full commercial value on all customs forms and cannot mark items as gifts or undervalue them.

3.5 Restricted Items for International Shipping

Certain product categories cannot be shipped internationally due to customs regulations, hazardous material classifications, or carrier restrictions. These include but are not limited to: lithium batteries above certain watt-hours, aerosol products, certain food and supplement items, and products restricted by trade sanctions. Restrictions are noted on the product page.

4. Shipment Tracking

4.1 How to Track Your Order

Once your order ships, you will receive a tracking number by email. You can track your order by:

- Clicking the tracking link in your shipping confirmation email
- Logging into your account and navigating to Order History
- Entering your tracking number on our website's Order Tracking page
- Using the carrier's website directly

4.2 Tracking Updates

Tracking information may take up to 24 hours to appear after the carrier scans the package. Tracking events are provided directly by the carrier and may not update in real time during

transit.

4.3 Tracking Not Updating

If your tracking information has not updated in more than 3 business days (domestic) or 7 business days (international), contact our support team. We will open an investigation with the carrier.

5. Shipping To P.O. Boxes And Military Addresses

We can ship to P.O. Boxes via USPS for most standard items. FedEx and UPS deliveries cannot be made to P.O. Boxes. We ship to APO, FPO, and DPO military addresses via USPS. Delivery to military addresses may take 3 to 6 weeks depending on the location. Expedited options are not available for military addresses.

6. Split Shipments And Partial Orders

If your order contains items from multiple warehouses or includes a pre-order item alongside an in-stock item, it may ship in multiple packages at no additional cost to you. Each shipment will have its own tracking number. You will be notified by email for each individual shipment.

7. Damaged, Lost, Or Stolen Packages

7.1 Damaged in Transit

If your package arrives visibly damaged, please take photos of the outer packaging and the item before unpacking further. Contact our support team within 7 days of delivery with your order number and photos. We will arrange a replacement or refund at no cost to you.

7.2 Lost Packages (Domestic)

If your tracking shows "delivered" but you have not received your package:

- Wait 24 hours — packages are sometimes scanned before delivery
- Check with neighbors and building management
- Contact the carrier using your tracking number

If the package is still not found after these steps, contact us within 15 days of the expected delivery date. We will file a claim with the carrier and issue a replacement or refund pending investigation results.

7.3 Lost Packages (International)

For international shipments, please allow the full estimated delivery window plus 7 additional business days before reporting a lost package. International investigations can take 4 to 6 weeks to resolve.

7.4 Stolen Packages (Porch Piracy)

We are not liable for packages confirmed as delivered to the correct address that are subsequently stolen. We strongly recommend requiring a signature at delivery (available at checkout) or shipping to a secure location. As a courtesy, we may offer a one-time replacement at our discretion.

8. Shipping Restrictions

Some items cannot be shipped to certain states or regions due to local regulations. For example, certain electronics, batteries, and chemical-based products have restrictions. These are clearly noted on the product page. If you place an order containing a restricted item for a restricted destination, we will notify you and offer a refund or substitution.

9. Shipping Fee Refunds

Shipping fees are non-refundable once a shipment is dispatched, except in cases where:

- The carrier loses the package during transit (confirmed by carrier investigation)
- The item arrives damaged due to transit mishandling
- We shipped the wrong item or the item was defective prior to shipment

10. Contact For Shipping Issues

For any shipping-related questions or issues, contact our support team through live chat, email at support@shopexample.com, or by phone Monday through Friday, 9 AM to 6 PM. Please have your order number ready.
